

May 27, 2010

Dear Parents,

In my last letter Monsignor Marine and I shared the changes to the classroom configuration for the 2010-2011 school year. As you know these changes were made to help us reduce spending while maintaining the excellent educational experience.

I assured you that you would receive additional information about classroom teachers for the next school year as soon as the decisions were finalized.

Here are the teaching assignments for next year as of today.

Grade 8 – Mrs. Pat Sobieralski and Mrs. Alice O’Brien
Grade 7 – Mrs. Diane Curtin and Mrs. Marilyn Blackwell
Grade 6 – Mrs. Marie Hart
Grade 5 – Mrs. Lorraine Harrison and Mrs. Kathy Zimmerman
Grade 4 – Mrs. Kathy Mercurio and Mrs. Regina Fatiga
Grade 3 – Mrs. Jessica McDonald and Mrs. Elise Romano
Grade 2 – Mrs. Barbara Zanaras
Grade 1 – Mrs. Donna Cochran and Mrs. Norma Wansor (aide)
Kindergarten – Mrs. Carol Burns and Mrs. Maureen Giampetro (aide)
Honors Math – Mrs. Karen Dorneman
Physical Education – Mrs. Rosalie Curran
Music – Mrs. Lori Clark
Spanish – Mrs. Diana Henzel
Technology – Mrs. Loretta Gordish
Library – Mrs. Rosalie Curran and Mrs. Loretta Gordish

Please know that these assignments may change if unforeseen circumstances arise. For example, a teacher may resign and necessitate hiring a new teacher. In the event a change is required, you will be informed immediately.

I want to clarify a few important points relative to my last letter. Mrs. Nancy Henneke is taking an early retirement. She faithfully served this school community for twenty-three years. Her friendly nature and willingness to help whenever needed will be sorely missed. Mr. Bill Larosa is leaving our community. He is a popular, well liked teacher. I am sure he will find success in his future endeavors.

Please remain completely confident that I am totally committed to securing a positive future for our school. I am especially committed to the children of St. Bede’s. With all of us working together the future is bright.

Sincerely,
H. Margaret Slomiany
Principal
