

Principal's Corner

Dear Parishioners,

This is truly the most exciting time of year in the life of a school. Teachers and students alike, begin the new year with a whole new sense of promise. The thrill of a new school year never lessens, no matter how many years pass.

We have successfully adjusted to the new arrival and dismissal procedures. Thank you for your kind cooperation as we made some changes. I would like to thank the parish volunteers for their help with traffic control during the opening days of school. We could not have done it without you.

The faculty and I had a great meeting this past Monday. We have high hopes and great plans for the coming school year. You will be hearing about many great things happening at St. Bede's this school year.

I am looking forward to my third year with all of you. I remain honored to serve this community as principal. Keep us in your prayers!

Sincerely,

Mrs. Slomiany
